Art Unit: 1775

In view of the amendment filed on September 24th 2004, the pending claims are unpatentable as following:

Claim Rejections - 35 USC § 112

1. Claims 1 (& 16) are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, it is unclear as to what is "a columnar structure" is referring to? Applicant is suggested to further clarify the claim language by stating the type of particle shape (ie. claim 10) into the claim.

Allowable Subject Matter

2. Claim 10 is objected to as being dependent upon a rejected base claim, but would be allowable if incorporate into independent claims.

3. The following is a statement of reasons for the indication of allowable subject matter: the acicular particles would further clarify the columnar structure.

4. Claims 1 & dependent claims would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
